

15' Retracta-Belt® Post

Proven design with a longer span.

Featured Product: Model 320/321

What to do when larger areas need to be queued?

The Retracta-Belt® Model 320/321 is your solution. It has all of the industry leading features as our standard post and includes 50% more belt. The longer span not only reduces the amount of posts to purchase, it also makes setup and breakdown quicker.

Unlike other posts on the market that use a thinner and less durable belt to fit inside their standard posts, the Retracta-Belt® Model 320/321 was completely redesigned, allowing us to use the same thick, durable belt found in all of our units.
