

Outdoor-Rated Products

How To Make A Retractable-Belt® Outdoor-Rated

1. **Choose model, finish and belt color as usual** - Choose the Retractable-Belt® model, an outdoor-rated finish (see chart below right) and a belt color. Please note: Polished Aluminum can only be used with the black ABS cover and Satin Aluminum can be used with the Satin Stainless Steel cover or the black ABS cover.

2. **Weatherproof it** - Add SUB-WPBW as the next line item and we substitute a weatherproofed baseweight. We also substitute a black head on Polished Aluminum, Satin Aluminum and Satin Stainless Steel 15' models.

3. **Add wheels and/or heavy baseweight (optional)**

- ▶ **Heavy baseweight** - Add SUB-HBW as the next line item and we increase the baseweight from 18 lbs. to 30 lbs. for added stability in wind; especially useful with large signage. Weatherproofing is still required.
- ▶ **Wheels** - Add SUB-WH as the next line item and we add wheels to the baseweight to make transporting the posts easier; especially useful with the 30 lbs. baseweight.

Outdoor-Rated Retractable-Belts®

Features

- ▶ **High strength, tightly woven belts:** span from 10' to 30'
- ▶ **All stainless steel hardware:** eliminates rust potential
- ▶ **Weatherproofed baseweight:** with molded rubberized floor protector
- ▶ **Patent pending braking system:** creates the safest post on the market
- ▶ **High impact polycarbonate material:** greatly increases durability
- ▶ **Heavy-gauge aluminum or stainless steel construction:** for durability and outdoor capability
- ▶ **All parts easily replaceable**
- ▶ **Optional recycled rubber baseweight**
- ▶ **Optional extra heavy 30 lbs. baseweight:** ensures stability
- ▶ **Optional outdoor-rated wheels:** for easy transportation

Outdoor-Rated Mountable Head Systems

Features

- ▶ **Mountable units allow quicker setups and frees up valuable floor space**
- ▶ **Bright finishes:** for stronger visual impact
- ▶ **Cone mount units are easy to transport and cover large spans**
