

# Line-King

## TensionLine

**Tame Your Line!**

Every Line-King product has been designed by an established U.S. manufacturer with over 20 years of experience in the crowd control industry. Design flaws of other low cost imports have been corrected in order to provide a full line of products that will outperform any other economy stanchion on the market.

TensionLine stanchions by Line-King include all of the features you expect in a retractable belt stanchion at a price that can't be beat. A safe retracting brake, universal belt end, and simple no-tools-required assembly ensure a safe and trouble free product. These posts are shipped two per box, knocked down to save up to 50% on shipping charges. They are available in a variety of standard finishes and belt colors with customization available.

High volume items are in stock and ready to ship the same day.

### BUYERS BEWARE

Many low cost stanchions leave out industry standard features such as a slow retracting brake system or a universal belt end that enables connection to existing stanchions. Ensure your product has these critical features.

Same Day Shipping

2 Year Warranty
